

## Elgin Neighborhood Network **YOUTH MENTAL HEALTH RESOURCES**

*Stronger Hearts & Minds,  
a Stronger Elgin*

The Elgin Neighborhood Network (ENN) is a broad, community-led initiative dedicated to neighborhood transformation. Coordinated by the Alignment Collaborative for Education, ENN invests in youth and families to ensure the future strength of our community and workforce. While the Network focuses on wide-reaching goals like education and career readiness, this directory was specifically developed by the ENN Youth Mental Health Workgroup to ensure every family has a clear path to behavioral health support and crisis intervention.
